SNEAK CUT

By nesting or minimizing the gutters between envelopes we are able to yield more out of a sheet than would seem mathematically possible. Below are examples of "sneak cuts" where this can occur. Please keep in mind that there may be times when these cuts are not applicable (bleeds, etc.). We have specified below whether they apply to printed jobs, blank stock only, or both.

*Please keep in mind that the printed products can be a tight fit. There may or may not be room for adequate color bars for color control.

OUR COMPANY

SEC is a manufacturer of high quality, custom, gummed, and folded products. We also offer full print capabilities, allowing you to choose the best solutions for your clients. We have over 45 years of experience in the envelope industry. Quality manufacturing is only a part of what we offer our customers. **We pride ourselves on:**

- Our 100% dedication to meeting or exceeding customers' required schedules. **NO RUSH CHARGES.**
- Our sales representatives are highly trained, accurate and quick at responding to your needs, whether it be schedules, estimates, whatever.
- Our ability to develop innovative, creative solutions for unique products and projects. **NO ORDER ENTRY CHARGES.**
- Our state of the art environment - from our physical plant to all the equipment within.

As a **"trade"** converter, we work primarily with commercial printers and print brokers as an extension of their business.

To aid you in your production, we invite you to visit our **website (secinnovations.com)** as a resource for 100 of our most common dielines. Each die is available in a .pdf format, with flap sizes, bleeds and glue knockouts clearly identified. We also maintain an internal die line file with more than 1,000 additional die lines. Please contact us to obtain any die line not shown on our website or for assistance with creating a custom envelope template.

OUR PROFILE DIE SYSTEM

Allows for complete in-line customization of envelope size, seal flap shape, and windows.

The dies are **cost effective**, quick to obtain, and can convert numerous paper and basis weight options. Some great applications include:

- Gift Certificate Packaging
- Retail Packaging
- Direct Marketing Envelopes
- Greeting Card or Scrapbook Envelopes
- Corporate Branding
- Unique Shapes or Logos Punched Out
- Special Perf Cut-Out or Tabs

Think Outside the Envelope....

Call us for these other folded or gummed products:

- CD Mailers
- Self Mailers
- Unit Ones
- Tip Down Products
- Custom Gum & Perf Patterns
- Remoistenable Gum, Latex, Kleenstick Closures
- Fugitive Gum
- Light Packaging Needs
